EAST ASIAN MASTER GEOMANCER KOH PU LIN'S INTERPRETATION:

Suntec city is the single, largest , integrated privately owned development. The total design, both exterior and interior , is magnificent . Suntec City is linked to some of the most important landmarks in Singapore , i.e. City Hall , Supreme Court , parliament House , Victoria Concert Hall & Victoria Theatre and Fullerton Building . This linkage of buildings forms not only the most unique , flourishing and prosperous geomancy centre in Singapore but also in the whole of South Asia.

In this geomancy centre , if you stand on the step of the main entrance of City Hall and face the Padang (southward) , your compass will show City Hall lying at 124 degree (from north) of "Lake Hexagram" . This is the "Dragon" position as explained in the "I-Ching" (literally "Book Of Changes") , an influential book in the whole of Chinese civilization.

Located at the left of City Hall is Pan Pacific Hotel and Marina Square . These two buildings , standing next to each other , forms the diagram of "Lion" , symbolizing "Lion City" . Its position is at 104 degree of "Frugality Hexagram" .

To their left is Suntec City . Its position lies between 92 degree of "Prevailing Hexagram" , 88 degree of "Gathering Hexagram" and 60 degree of "Fulfillment Hexagram" . According to the logic of geomancy theory , the hexagrams of Suntec City are closely weaved . The architectural design of Suntec City is beyond imagination.

From the geomancy point of view , the "Fountain of Wealth" is another excellent example of strategic creation . It is located at the best core of "Prevailing Hexagram" . The ingeniousness of total effects is thereby shown vividly .

Though the space is limited , people could absorb unlimited magnetic energy produced by the great natural environment . Master Koh said , Suntec City could be well interpreted as :

Master Geomancer Koh Pu Lin talking to Mr. Wong Ah Long , CEO of the Suntec City Development Pte Ltd (SCD) at one entrance to the Suntec City . Looking on is Ms Esther Teo (L) , Advertising & Promotions Manger of SCD and James Hee (R) , Business Advisor to Koh Pu Lin Associates .

Master Koh : Fountain of Wealth brings good luck to anyone...

"Because of unprecedented far-sighted move initiated by the 11 business tycoons of Hong Kong , Suntec City is demonstrating the fundamental Chinese philosophy : "A decisive person able to make up his mind for right direction and could effectively mobilize his whole capability towards trust worthy business venture . He would be able to ensure satisfying returns ." They are applying the formula of "doing things at the right time , at the right place and in the right manners for the right persons."

With this painstaking designs , Suntec City brings in the best talents from both industrial and commercial sectors and leads the trend of business world. It helps multi-national projects to overcome difficulties whatsoever and to create another new environment full of vigour , vitality and prosperity . Master Koh further pointed out , "Fountain of Wealth would bring good luck to anyone who

walks clockwise around the Fountain ." He suggests , "If you could walk around the Fountain of Wealth for two hours between 4am to 6am in the morning for nine consecutive days , as an effective time-frame , you would be able to absorb more magnetic energy from the alignment of "Qi" in the application of "I-Ching" at the vicinity . The result would not only benefit yourself mentally and physically but also members of your family . And , at the same time , strongly influence the well being at the community level."

"Or the alternative option : Touch the water of the Fountain with pure mind and sincere spirit . You can also dedicate this blessings to friends and relatives.

A visit to Suntec City and "Fountain of Wealth" is a "MUST" for all visitors to Singapore . This is liken to visiting the Great Wall if you are visiting Beijing.
